November 1, 2006

Dear Wayne,

Thank you again for conducting your seminar for our coaches, student athletes and parents. As we discussed prior to your arrival, there are many myths regarding the topic of college recruiting that many parents and high school athletes believe to be fact. Your ability to portray an accurate picture of the college recruiting process certainly educated everyone who attended the seminar. The night was not only educational, but was also entertaining.

We hope to make your seminar an annual event here at Arlington.

Thank you Wayne!

Sincerely,

Dave Goddard
 Director of Interscholastic Athletics
 Arlington Central School District
