287 Courtland Avenue
Bridgeport, CT 06605

Dear Wayne,

I would like to once again thank you for the outstanding workshop you conducted at Harborfields High School on Tuesday, October 3, 2006.

As you were aware, this was the first time that our school community had a speaker such as yourself address our parents and student athletes in the college recruiting process. Therefore, I did not know what to expect, perhaps even having to admit some minor trepidations beforehand as to whether anyone would attend.

Your presentation was not only informative, but the manner in which you deliver the material is inspiring and motivating. The positive remarks and feedback that I have received from parents and student athletes has been nothing short of excellent. Clearly, you made quite an impression on them, and they have all endorsed you returning to our high school next year where we hope to have the auditorium completely packed.

Your presentation should be mandatory for all high school athletes and their parents. The information is real, genuine, and insightful. Again, it was a pleasure meeting you for the first time and I am already looking forward to booking you for next year at Harborfields High School.

Sincerely,

A handwritten signature in cursive script that reads "John Valente".

John Valente
Director of Health, Physical Education, and Athletics
