ATHLETIC DIRECTOR LORRAINE BARBARASH

Mr. Wayne Mazzone  
Teikyo-Post University  
800 Country Club Road  
Waterbury, CT 06723-3240

October 22, 2001

Dear Wayne,

I can't thank you enough for the outstanding workshop you presented to our parents and athletes. The information you provided about the NCAA Clearinghouse and how athletes can make themselves stand out to college coaches was invaluable.

Everyone who attended the workshop has only the highest praise for you. As a matter of fact, one of the football parents stopped me at the game this past week to enthusiastically tell me about the positive, personal responses his son's contacts with college coaches they have received. He attributes the personal attention his son is receiving directly to your seminar.

I will be distributing information regarding your workshops to the other Athletic Directors in the Orange County League at our next AD's meeting. You can be sure this workshop will be an annual event in the fall of every school year here at Washingtonville High School.

Sincerely,

Lorraine Barbarash  
Director of Health, Physical Education and  
Interscholastic Athletics
