Subject: Sachem

Hi Wayne,

It was great to see you last night and your presentation was terrific (as usual). Many parents responded positively; they were particularly impressed with your level of knowledge and your straight forward approach – with a good amount of humor thrown in. You tell it like it is and you provide direction and resources for families – we couldn't ask for more.

Thanks again for a very successful College Athletic Recruiting Night. Hopefully we'll see you again next year!

-Mona
